

# Foreign Affairs IT Fellowship

## Estimated\* Timeline for 2022 Cohort

Each semester, TWC sends tuition payments directly to your college/university – capped at \$21,500 total for fall and spring semesters.

TWC books your travel, secures housing (if you do not already have housing in D.C.), and provides housing stipend or pays for housing directly.

The living stipend amount varies depending on the GS salary scale.

TWC books your international travel, acquires travel insurance for you, and reimburses you for required inoculations. Housing for your internship is provided by the Embassy or Consulate.

The living stipend amount varies depending on the GS salary scale.
